**SECOND RESPONSE (NON-FINAL)**

Dear Sir:

**Introductory Comments:**

The following amendment and remarks are being filed in response to the non-final Office Action mailed July 8, 2005. Acceptance of the drawings and the conditional allowance of Claims 1-25 is noted and appreciated.

The objection of the Abstract as being unduly long is an apparent oversight because it was corrected in a First Response filed March 2, 2004. Applicant notes that the replacement Abstract is 141 words long, thus conforms to MPEP §608.01(b) and has been included herein.
